PROXY STATEMENT
DATED APRIL 3, 2001

FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 18, 2001

GENERAL INFORMATION

This Proxy Statement is being furnished to the holders of the Common Stock and Preferred Stock (as defined below) of Sealed Air Corporation, a Delaware corporation (the "Company"), in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Saddle Brook Marriott, Garden State Parkway at I-80, Saddle Brook, New Jersey 07663-5894 at 10:00 a.m., local time, on May 18, 2001, and at any adjournments thereof. The enclosed proxy is being solicited by the Board of Directors of the Company. This Proxy Statement and the enclosed proxy are first being mailed to stockholders and being made available electronically via the Internet on or about April 3, 2001.

VOTING PROCEDURES

Your vote is very important. Stockholders of record may vote via the Internet, telephone or mail. A web site address and toll free telephone number are included on the proxy card. If you choose to vote by mail, a postage-paid envelope is provided. For your reference, voting via the Internet is the least expensive to the Company, followed by telephone voting, with voting by mail being the most expensive. Also, you may save the Company the expense of a second mailing if you vote promptly.

VOTING VIA THE INTERNET

Stockholders of record may vote via the Internet as instructed on the proxy card. Internet voting is available 24 hours a day. You will be given the opportunity to confirm that your instructions have been properly recorded. Our Internet voting procedures are designed to authenticate stockholders by using the individual control numbers provided on each proxy card. If you vote via the Internet, you do not need to return your proxy card. Please see the proxy card for specific instructions.

VOTING BY TELEPHONE

Stockholders of record may also vote by using the toll-free number listed on the proxy card. Telephone voting is available 24 hours a day. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate stockholders by using the individual control numbers provided on each proxy card. If you vote by telephone, you do not need to return your proxy card. Please see the proxy card for specific instructions.

VOTING BY MAIL

If you choose to vote by mail, simply mark your proxy card, sign and date it, and return it in the postage-paid envelope provided. If you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors.

IF YOU WISH TO REVOKE YOUR PROXY

Whichever method you use to vote, you may later revoke your proxy at any time before it is exercised by: (i) voting via the Internet or telephone at a later time; (ii) submitting a properly signed proxy with a later date; or (iii) voting in person at the Annual Meeting.

VOTING AT THE ANNUAL MEETING

The method by which you vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Any stockholder of record may vote in person at the Annual Meeting whether or not he or she has previously voted. If your shares are held in the name of a bank, broker, or other holder of record, you must obtain a written proxy, executed in your favor, from such person or firm to be able to vote at the meeting. If you hold shares in the Company's Profit-Sharing Plan or the Company's Thrift and Tax-Deferred Savings Plan, you cannot vote those shares in person at the Annual Meeting (see "Voting by Plan Participants" below).

All shares that have been properly voted, and all proxies that have not been revoked, will be treated as being present for the purpose of determining the presence of a quorum at the Annual Meeting and will be voted at the Annual Meeting.

VOTING ON OTHER MATTERS

If any other matters are properly presented for consideration at the Annual Meeting, the persons named in the proxy will have the discretion to vote on those matters for you. The Company does not know of any such matters to be presented for consideration at the Annual Meeting.

VOTING POLICIES

Regardless of the method by which you vote, if you specify the manner in which your shares are to be voted on a matter, the shares represented by your proxy will be voted in accordance with your specification. If you do not make such a voting specification, your shares will be voted in the manner recommended by the Board of Directors as shown in this Proxy Statement and on the proxy.

Under the rules of the New York Stock Exchange, Inc., brokers who hold shares in street name for customers have the authority to vote on certain items when they have not received instructions from their customers who are the beneficial owners of such shares. The Company understands that, unless instructed to the contrary by the beneficial owners of shares held in street name, brokers may exercise such authority to vote on the election of directors and the ratification of the appointment of the Company's auditors. Proxies that are voted to abstain (including any proxies containing broker non-votes) on any matter to be acted upon by the stockholders will be treated as present at the meeting for the purpose of determining a quorum. Abstentions, but not broker non-votes, will be counted as votes cast on such matters.

VOTING BY PLAN PARTICIPANTS

For each participant in the Company's Profit-Sharing Plan, the proxy also serves as a voting instruction card permitting the participant to provide voting instructions to Fidelity Management Trust Company ("Fidelity"), trustee for the Profit-Sharing Plan, for the shares of Common Stock allocated to his or her account in such Plan. For each participant in the Company's Thrift and Tax-Deferred Savings Plan, the proxy also serves as a voting instruction card permitting the participant to provide voting instructions to Fidelity, trustee for the Thrift and Tax-Deferred Savings Plan, for the shares of Common Stock and Preferred Stock allocated to his or her account in such Plan. Internet and telephone voting are also available to Plan participants. Fidelity will vote such allocated shares in each Plan as directed by each participant who provides voting instructions to it on or before May 14, 2001. The terms of each such Plan provide that shares allocated to the accounts of participants who do not provide timely voting instructions

will be voted by Fidelity in the same proportion as shares are voted on behalf of participants who provide timely voting instructions.

VOTING SECURITIES

The voting securities of the Company are the outstanding shares of its common stock, par value \$0.10 per share ("Common Stock"), and its Series A convertible preferred stock, par value \$0.10 per share ("Preferred Stock"). As of the close of business on March 21, 2001, 83,625,503 shares of Common Stock were issued and outstanding, each of which is entitled to one vote at the Annual Meeting. As of the close of business on March 21, 2001, 27,605,142 shares of Preferred Stock were issued and outstanding, each of which is entitled to 0.885 votes at the Annual Meeting, with the Preferred Stock being entitled to an aggregate of 24,430,551 votes at the Annual Meeting. The Common Stock and the Preferred Stock will vote as a single class on the matters to be voted on at the Annual Meeting, with an aggregate of 108,056,054 votes being entitled to be cast at the Annual Meeting. Only holders of record of Common Stock and Preferred Stock at the close of business on March 21, 2001 will be entitled to notice of and to vote at the Annual Meeting.

A majority in voting power of the outstanding shares of Common Stock and Preferred Stock present in person or represented by proxy will constitute a quorum for the transaction of business at the Annual Meeting. The directors are elected by a plurality of the votes cast in the election, and ratification of the appointment of auditors and any other matters to be considered at the Annual Meeting must be approved by the affirmative vote of the holders of a majority of the combined voting power of the shares of Common Stock and Preferred Stock present in person or represented by proxy at the Annual Meeting.

The following table sets forth, as of the date indicated in the applicable Schedule 13G with respect to each person identified as having filed a Schedule 13G and as of March 15, 2001 with respect to each current director, nominee for election as a director and current executive officer, the number of outstanding shares of Common Stock and Preferred Stock and percentage of such class as of March 15, 2001 (i) beneficially owned by each person known to the Company to be the beneficial owner of more than five percent of the then outstanding shares of each such class, (ii) beneficially owned, directly or indirectly, by each current director, nominee for election as a director and by each current executive officer of the Company named in the Summary Compensation Table set forth below, and (iii) beneficially owned, directly or indirectly, by all directors and executive officers of the Company as a group.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors maintains an Audit Committee, a Nominating Committee, and an Organization and Compensation Committee. The members of such committees are directors who are neither officers nor employees of the Company.

The principal responsibility of the Audit Committee is to assist the Board of Directors in fulfilling its obligations to the stockholders and the investment community relating to corporate accounting, the reporting practices of the Company and the quality and integrity of the financial reports of the Company. The Audit Committee performs its responsibility by, among other things, making a recommendation to the Board of Directors on the selection of independent auditors to be proposed for stockholder ratification and conferring with the independent auditors and the Company's financial management on the Company's audited annual financial statements, the scope of and procedures for audits and the Company's accounting and financial controls. The current members of the Audit Committee are Dr. Jackson and Messrs. Brown (Chairman), Codey and Farrell. The Audit Committee held three meetings in 2000 (excluding actions by unanimous written consent).

The principal responsibilities of the Nominating Committee are to review and make recommendations to the Board of Directors concerning the composition of the Board, including recommending candidates to fill vacancies on, or to be elected or re-elected to, the Board. The members of the Nominating Committee are Dr. Jackson and Messrs. Brown and Castle (Chairman). The Nominating Committee will consider director nominees recommended by stockholders of the Company in accordance with the procedures set forth in the Company's By-Laws. A copy of the By-Law provisions relating to nomination of directors may

be obtained from the Secretary of the Company, Park 80 East, Saddle Brook, New Jersey 07663-5291. See "Stockholder Proposals for the 2002 Annual Meeting," below. The Nominating Committee was organized in 2001, so no meetings of the Committee were held in 2000.

The principal responsibilities of the Organization and Compensation Committee are to determine the compensation of the officers of the Company and of the other employees of the Company or any of its subsidiaries with a base annual salary of \$150,000 or more, to administer the Company's Contingent Stock Plan and option plans and to authorize the issuance of shares of the Company's Common Stock under the Contingent Stock Plan, to perform the duties and responsibilities of the Board of Directors under the Company's Profit-Sharing Plan (except the authority to determine the amount of the Company's annual contribution to such Plan) and the other tax-qualified retirement plans sponsored by the Company, to administer the Company's Performance-Based Compensation Program, and to consider and advise the Board of Directors from time to time with respect to the organization and structure of the management of the Company. The members of the Organization and Compensation Committee are Messrs. Castle, Miller (Chairman) and Phipps. The Organization and Compensation Committee held five meetings in 2000 (excluding actions by unanimous written consent).

During 2000, the Board of Directors held six meetings (excluding actions by unanimous written consent). Each current member of the Board of Directors attended at least 75 percent of the aggregate number of meetings of the Board of Directors and of the committees of such Board on which he or she served during 2000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Organization and Compensation Committee has been an officer or employee of the Company or any of its subsidiaries. Until the end of 1983, Mr. Miller was the President of Cellu-Products Company, a corporation that old Sealed Air acquired in October 1983.

Mr. Dunphy is a member of the Organization and Compensation Committee of the Board of Directors of Public Service Enterprise Group Incorporated, the parent company of Public Service Electric and Gas Company. Such committee administers the compensation program for executive officers of Public Service Electric and Gas Company. Mr. Codey was the President of Public Service Electric and Gas Company until his retirement in February 2000.

DIRECTORS' COMPENSATION

Each member of the Board of Directors who is neither an officer nor an employee of the Company (each a "Non-Employee Director") and who is elected or continues in office at each annual meeting of stockholders receives an annual retainer fee for serving as a director. Such retainers are paid in the form of annual grants of 1,200 shares of the Company's Common Stock to each eligible director under the Restricted Stock Plan for Non-Employee Directors (the "Directors Stock Plan"). The Directors Stock Plan also provides for interim grants of Common Stock, on a pro-rata basis, to any Non-Employee Director who is elected at any time other than an annual meeting. During 2000, each director except Mr. Hickey received an annual grant of 1,200 shares of Common Stock, with all shares issued for a purchase price of \$1.00 per share.

Shares of Common Stock issued under the Directors Stock Plan may not be sold, transferred or encumbered while the director serves on the Board of Directors, except that Non-Employee Directors may make gifts of shares issued under the Directors Stock Plan to certain family members or to trusts or other forms of indirect ownership so long as the Non-Employee Director would be deemed a beneficial owner of the shares with a direct or indirect pecuniary interest in the shares and would retain voting and investment control over the shares while the Non-Employee Director remains a director of the Company. During this period, the director is entitled to receive any dividends or other distributions in respect of such shares and has voting rights in respect of such shares. The restrictions on the disposition of shares issued pursuant to the Directors Stock Plan terminate upon the occurrence of any of certain events related to a change of control of the Company that are specified in the Directors Stock Plan.

In the first quarter of 2001, the Board of Directors approved a cash retainer in the amount of \$10,000 per year in addition to the grants under the Directors Stock Plan described above. In addition, each member of the Audit Committee, the Nominating Committee and the Organization and Compensation Committee receives a retainer fee of \$2,000 per year for serving as a member of such committee. The chairman of each such committee receives an additional retainer fee of \$2,000 per year for serving as such. Each Non-Employee Director also receives a fee of \$1,000 for each Board or committee meeting attended. Mr. Dunphy received cash fees of \$180,000 for serving as Chairman of the Board of the Company for part of 2000, which fees were in lieu of all other cash fees paid to Non-Employee Directors during the time he served as Chairman. All directors are entitled to reimbursement for expenses incurred in attending Board or committee meetings.

(1) Perquisites, other personal benefits, securities and property paid or accrued during each year not otherwise reported did not exceed for any named executive officer the lesser of \$50,000 or 10% of the annual compensation reported in the Summary Compensation Table for that individual. Mr. Dunphy also received cash fees of \$180,000 for serving as Chairman of the Board during part of 2000 (see "Directors' Compensation" above), which are not included in the above table.

(2) Represents the fair market value on the date of an award of Common Stock made under the Company's Contingent Stock Plan after deducting the purchase price of the shares covered by such award except, in the case of Mr. Dunphy, represents the fair market value on the date of grant of shares granted to him in 2000 under a consulting agreement described in footnote 5 below. The total number of unvested shares held by each of the named executive officers as of December 31, 2000 is set forth in the following table, and the fair market values of such unvested shares as of such date are as follows: Mr. Hickey--\$3,738,700, Mr. Pesci--\$1,067,500, Mr. Van Riper--\$1,677,500, Mr. Dunphy--\$4,270,000, Mr. Byrne--\$762,500 and Mr. Cruikshank--\$305,000. As of such date, such awards, all of

which were granted with an original vesting period of three years, which has been extended in certain cases, vest as follows:

	2001	2002	2003
	-----	-----	-----
William V. Hickey.....	92,500	30,000	0
Robert A. Pesci.....	10,000	0	25,000

Leonard R. Byrne.....	11,500	13,500	0
Bruce A. Cruikshank.....	10,000	0	0

During the vesting period, recipients of awards are entitled to receive any dividends or other distributions with respect to the unvested shares they hold.

- (3) The amount in this column represents an award under a Long-Term Incentive Program that the Company discontinued effective March 31, 1998.
- (4) The amounts in this column for 2000 include, for each of the named executive officers, company contributions to the Company's Profit-Sharing Plan in the amount of \$10,200 per person and Company matching contributions under Company's Thrift and Tax-Deferred Savings Plan in the amount of \$5,250 for Messrs. Cruikshank, Van Riper, and Dunphy, \$5,100 for Mr. Hickey, \$4,429 for Mr. Pesci and \$3,000 for Mr. Byrne. In addition, for Messrs. Hickey and Cruikshank, the 2000 amounts include premiums of \$3,100 and \$2,900, respectively, paid by the Company for supplemental universal life insurance policies owned by such persons. For Mr. Byrne, the amount includes \$18,882 representing above-market earnings during 2000 on compensation deferred before March 31, 1998.
- (5) Mr. Dunphy retired as Chief Executive Officer at the end of February 2000 and retired as Chairman of the Board at the end of November 2000. Mr. Dunphy entered into a three-year consulting agreement with the Company dated February 29, 2000 pursuant to which he is providing consulting services to the Company following his retirement as Chief Executive Officer of the Company. In consideration for such services the Company transferred to Mr. Dunphy 60,000 shares of Common Stock, subject to forfeiture to the Company under certain conditions. The Organization and Compensation Committee also waived the exercise of its repurchase options applicable to awards made under the Contingent Stock Plan in 1998 and under old Sealed Air's contingent stock plan in 1997 on the condition that such option remained exercisable as to each award during the remainder of its option period if Mr. Dunphy's service as a consultant to and a director of the Company should cease other than as a result of his death or permanent and total disability.
- (6) Mr. Byrne retired as Senior Vice President at the end of December 2000 and will retire as an employee on June 30, 2001. Mr. Byrne entered into an agreement with the Company dated December 13, 2000 regarding his retirement under which Mr. Byrne will receive severance pay at his current salary level through September 27, 2002. The Organization and Compensation Committee also waived the exercise of its repurchase options applicable to awards made to Mr. Byrne under the Contingent Stock Plan in 1999 on the condition that such options remain exercisable if Mr. Byrne were to breach certain obligations to the Company.
- (7) Mr. Cruikshank retired as Senior Vice President at the end of February 2001.

STOCK OPTIONS. Before March 31, 1998, Mr. Byrne participated in stock incentive plans maintained by the Company. As of March 31, 1998, the Company terminated these plans except with respect to outstanding options then held by certain employees, including Mr. Byrne. Under the terms of those plans, options were granted at an exercise price equal to the fair market value of the common stock covered by the options on the date of grant and became exercisable in three approximately equal annual installments beginning one year after the date of grant with terms of up to ten years and one month. Mr. Byrne did not exercise any stock options during 2000. Mr. Byrne held options covering 6,633 shares of Common Stock at

December 31, 2000, all of which were then exercisable. No unexercised options held by Mr. Byrne at December 31, 2000 were "in-the-money"; in other words, the market price of all such options was less than the purchase price of such options.

REPORT OF THE COMPANY'S ORGANIZATION AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following report of the Company's Organization and Compensation Committee sets forth information about the Company's executive compensation program and the 2000 compensation of the executive officers of the Company named above in the Summary Compensation Table.

COMPENSATION PHILOSOPHY

The Company's executive compensation program consists of salaries, annual bonuses tied to performance, and awards under the Company's Contingent Stock Plan. The Company's executive compensation philosophy is to provide compensation at a level that will permit it to retain its existing executives and to attract new executives with the skills and attributes needed by the Company. In reaching its decisions, the Committee is guided by its own judgment and those sources of information (including compensation surveys) that the Committee considers reliable.

This program is designed to provide appropriate incentives toward achieving the Company's annual and long-term strategic objectives, to support a performance-oriented environment based on the attainment of goals and objectives intended to benefit the Company and its stockholders and to create an identity of interests between the Company's executives and its stockholders, as well as to attract, retain and motivate key executives.

SALARIES AND ANNUAL BONUSES

The Committee is responsible for setting the compensation of the Company's executive officers, including the executive officers listed in the Summary Compensation Table and other employees of the Company or any of its subsidiaries with base salaries of \$150,000 or more. The Committee conducts an annual compensation review during the first quarter of the year. The Chief Executive Officer of the Company submits salary and bonus recommendations to the Committee for the other executive officers and employees whose compensation is set by the Committee. Following a review of those recommendations, the Committee approves cash bonuses for the prior year and salary rates and cash bonus objectives for the current year for the other executive officers and employees with such modifications to the Chief Executive Officer's recommendations as the Committee considers appropriate. Also, the Committee may adjust salaries for specific executive officers or employees at other times during the year when there are significant changes in the responsibility of such officers or employees.

The Committee bases its decisions on adjustments to salary and cash bonus objectives principally on the responsibilities of the particular executive and on the Committee's evaluation of the market demand for executives of the capability and experience employed by the Company in relation to the total compensation paid to the particular executive. The Committee sets annual cash bonus objectives at a level that links a substantial portion of each individual's annual cash compensation to attaining the performance objectives discussed below in order to provide appropriate incentives to attaining such objectives.

Cash bonuses are determined based upon the attainment of corporate and individual performance objectives for the year in question. The Committee generally places greater emphasis on financial performance than on other personal performance objectives. The principal measure of corporate performance used to establish annual cash bonuses is the extent to which the Company achieved its business plan for the year in question. Such business plan is developed by management and approved by the Board of Directors before the beginning of such year. The Committee does not rely exclusively on any single measure of financial performance to measure achievement of the Company's business plan. However, the greatest weight is given to the achievement of budgeted targets for net sales, operating profit, net earnings, and measures of expense control, balance sheet management and cash flow as measured by

earnings before interest, taxes, depreciation and amortization (commonly called "EBITDA"). The Company does not make its business plans public. Accordingly, the specific financial targets upon which annual cash bonus objectives are based are not publicly available. Executives other than the Chief Executive Officer are also evaluated based upon their attainment of individual management objectives within their particular areas of responsibility.

During the first quarter of 2000, the Organization and Compensation Committee conducted a compensation review for the executive officers of the Company named in the Summary Compensation Table other than Mr. Dunphy, who retired as the Company's Chief Executive Officer at the end of February 2000, and Mr. Hickey, who succeeded Mr. Dunphy as Chief Executive Officer, in connection with which Messrs. Dunphy and Hickey submitted recommendations to that Committee for 1999 cash bonuses, 2000 salary adjustments and 2000 cash bonus objectives. The Committee approved such recommendations with such modifications as the Committee deemed appropriate, none of which was material. Salary increases in 2000 for the executive officers named in the Summary Compensation Table (other than Messrs. Dunphy and Hickey, who are discussed below) ranged from 3.6% to 4.7%. These salary increases were based primarily upon the factors discussed above.

Cash bonuses for 2000 for Messrs. Byrne, Cruikshank, Pesci and Van Riper were determined by the Committee during the first quarter of 2001. These bonuses reflected the Committee's evaluation of each officer's degree of attainment of his individual performance goals for 2000. These bonuses also reflect the fact that the Company did not achieve its principal financial objectives during 2000. The Committee also approved 2001 salary adjustments and cash bonus objectives for Messrs. Cruikshank, Pesci and Van Riper during the first quarter of 2001. Mr. Byrne retired as an officer of the Company at the end of 2000, although he will remain an employee until mid-2001, and no adjustments were made to his compensation in 2001.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

The Organization and Compensation Committee evaluates the performance of the Chief Executive Officer, reviews its evaluation with him, and based on that evaluation and review decides his compensation and performance and bonus objectives. As noted above, Mr. Dunphy retired as Chief Executive Officer at the end of February 2000 and was succeeded by Mr. Hickey, who had previously served as President and Chief Operating Officer of the Company. Mr. Hickey and the Organization and Compensation Committee believe that the Chief Executive Officer's cash compensation should be weighted somewhat toward annual incentive compensation in the form of cash bonuses rather than salary but that, on an overall basis, his compensation should be weighted more heavily toward long-term incentive compensation derived from equity ownership in the Company through its Contingent Stock Plan. During the first quarter of 2000, Mr. Hickey's annual base salary was increased to \$400,000 to reflect his transition to the position of Chief Executive Officer. Also the Organization and Compensation Committee established a 2000 cash bonus objective for Mr. Hickey, which was subject to achievement of pre-established performance goals for 2000 set by the Committee under the Company's Performance-Based Compensation Program, described below under "Compliance with Section 162(m) of the Internal Revenue Code."

During the first quarter of 2001, the Organization and Compensation Committee certified achievement of certain of the pre-established performance goals for 2000. Although the Committee gave a high rating to Mr. Hickey's ability and energy in assuming the leadership role in the business during 2000, since the Company did not achieve all of the pre-established goals for 2000, the Committee set Mr. Hickey's cash bonus for 2000 at \$320,000, which was less than the maximum cash bonus he could have received for 2000 under the Performance-Based Compensation Program and less than the cash bonus he received for 1999. The Committee also established a 2001 cash bonus objective for Mr. Hickey, which is subject to achievement of pre-established performance goals for 2001 under the Performance-Based Compensation Program. In view of the Company's performance in 2000, the Committee made no change in Mr. Hickey's base salary in 2001.

CONTINGENT STOCK PLAN

The Company's Contingent Stock Plan is intended to provide an effective method of motivating performance of key employees, including executive officers of the Company, and of creating an identity of interests in participating employees with the interests of the stockholders. The Plan provides for the award of shares of Common Stock to such key employees of the Company or any of its subsidiaries as the Committee determines to be eligible for awards. The Company makes awards of its Common Stock under its Contingent Stock Plan as long-term incentive compensation to its executives and other key employees when the Committee feels such awards are appropriate. It is expected that recipients of awards will retain a substantial portion of the shares awarded to them to foster an identity of interests with the stockholders of the Company.

Shares of Common Stock issued under this Plan are subject to an option in favor of the Company for three years after they are awarded, or such other period as may be determined by the Committee, to repurchase the shares upon payment of an amount equal to the price at which such shares were issued, which has always been \$1.00 per share. This option is exercisable by the Company only upon the termination of an employee's employment during such period other than as a result of death or total disability. Such option terminates upon the occurrence of any of certain events related to change of control of the Company specified in the Plan. Shares of Common Stock issued pursuant to this Plan may not be sold, transferred or encumbered by the employee while the Company's option to repurchase the shares remains in effect.

Awards are made under the Contingent Stock Plan both to reward short-term performance with equity-based compensation and to motivate the recipient's long-term performance. The Organization and Compensation Committee does not follow the practice of making annual or other periodic awards to individuals who are determined to be eligible to participate in the Plan. However, the Organization and Compensation Committee regularly reviews the stock ownership of key employees and, when it deems it appropriate, makes awards under the Plan to reflect the contributions of those individuals to specific Company achievements and to provide motivation toward the achievement of additional strategic objectives.

During 2000, of the executive officers named in the Summary Compensation Table, only Mr. Pesci received an award under the Contingent Stock Plan. Such award was made principally to motivate Mr. Pesci to superior performance in light of a significant increase in his responsibilities.

COMPLIANCE WITH SECTION 162(M) OF THE INTERNAL REVENUE CODE

In light of gradually increasing compensation levels with a fixed \$1 million limit on deductible compensation under Section 162(m), in early 2000, the Company adopted a Performance-Based Compensation Program, which the Company's stockholders approved at the 2000 Annual Meeting. The Program permits the Organization and Compensation Committee to make awards under the Company's Contingent Stock Plan and to approve cash bonuses under the Company's cash bonus arrangements that are subject to the attainment of pre-established objective performance goals that meet the requirements of Section 162(m) and are thus fully deductible even if compensation exceeds the \$1 million limit.

During the first quarter of 2000, the Committee approved pre-established performance goals based upon calendar year 2000 performance for stock awards under the Contingent Stock Plan for Messrs. Hickey, Byrne, Cruikshank, Pesci and Van Riper and for Mr. Hickey's 2000 cash bonus. Such goals are confidential, but were based on certain of the criteria specified in the Program, which include growth in net sales, operating profit, net earnings, measures of cash flow, measures of expense control, earnings before interest and taxes (commonly called "EBIT"), EBITDA, earnings per share, successful completion of strategic acquisitions, joint ventures or other transactions, or any combination of the foregoing goals.

During the first quarter of 2001, the Committee certified achievement of certain of the goals that had been established for calendar year 2000, thereby permitting Mr. Hickey's cash bonus of \$320,000 for 2000 to be fully deductible by the Company even if Mr. Hickey's 2001 compensation exceeds the \$1 million limit.

of Section 162(m). Also, the Committee will be permitted to make fully tax-deductible stock awards under the Contingent Stock Plan during 2001 to the five executives mentioned in the previous paragraph up to the limit set in the pre-established goals and certified by the Committee as having been achieved. During the first quarter of 2001, the Committee approved pre-established goals under the Performance-Based Compensation Program based on calendar year 2001 performance for stock awards to be made in 2002 under the Contingent Stock Plan to Messrs. Hickey, Cruikshank, Pesci and Van Riper and for Mr. Hickey's 2001 cash bonus.

The Organization and Compensation Committee's policy is to structure executive compensation to be deductible without limitation where doing so would further the purposes of the Company's executive compensation program. Thus, both before and after the adoption of the Program, the Organization and Compensation Committee has authorized extensions of vesting dates for awards under the Company's Contingent Stock Plan to certain of the Company's executive officers that were not made under the Program. During 2000, non-deductible compensation under Section 162(m) was minimal.

However, the Organization and Compensation Committee believes that compensation of its executive officers cannot always be based upon fixed formulas and that the prudent use of discretion in determining compensation will generally be in the best interests of the Company and its stockholders. Accordingly, the Organization and Compensation Committee in the exercise of such discretion may from time to time approve executive compensation that may not be fully deductible.

STOCK PERFORMANCE

While the Organization and Compensation Committee takes note of the performance of the Company's Common Stock in its compensation decisions, it does not consider such performance to be a principal determinant in making such decisions, since total return to stockholders as reflected in the performance of the Company's stock price is subject to factors, including factors affecting the securities markets generally, that are unrelated to the Company's performance.

Since management compensation is based upon factors relating to the Company's growth and profitability and the contributions of each of its executives to the achievement of the Company's objectives, the Organization and Compensation Committee believes that appropriate incentives are provided to align management's interests with the long-term growth and development of the Company and the interests of its stockholders. The Organization and Compensation Committee also believes that there are many ways in which its executive officers and other executives contribute to building a successful company. While the results of those efforts should eventually appear in the financial statements or be reflected in the Company's stock price, many long-term strategic decisions made in pursuing the Company's growth and development may have little visible impact in the short term.

COMMON STOCK PERFORMANCE COMPARISONS

The following graph shows, for the five years ended December 31, 2000, the cumulative total return on an investment of \$100 assumed to have been made on December 31, 1995 in old Sealed Air's common stock (trading symbol: SEE), after giving effect to the conversion of each share of old Sealed Air's common stock into one share of the Company's Common Stock on March 31, 1998. The graph compares such return with that of comparable investments assumed to have been made on such date in (a) the Standard & Poor's 500 Stock Index, and (b) the manufacturing (specialized) segment of such index, the published Standard & Poor's market segment in which the Company is included.

Total return for each assumed investment assumes the reinvestment of all dividends on December 31 of the year in which such dividends were paid. No cash dividends have been paid on the common stock of old Sealed Air or the Company during this five-year period.

The Company's Common Stock and Preferred Stock are listed on the New York Stock Exchange (trading symbols: SEE and SEE PrA, respectively).

REPORT OF THE COMPANY'S AUDIT COMMITTEE

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's financial reporting process and internal controls. The Audit Committee is composed of four directors, each of whom is independent as defined by New York Stock Exchange listing standards. The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the charter is attached to this Proxy Statement as Annex A.

Management is responsible for the Company's internal controls and financial reporting processes. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and the independent accountants to review and discuss the December 31, 2000 audited consolidated financial statements. The Audit Committee discussed with the independent accountants the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence. The Audit Committee also considered whether the independent accountants' provision of non-audit services was compatible with maintaining that firm's independence.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2000, to be filed with the Securities and Exchange Commission.

ORGANIZATION

There shall be a committee of the Board of Directors to be known as the "Audit Committee." The Audit Committee shall be composed of not less than three directors who are independent of the management of the Corporation, are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment as a committee member, and meet all applicable requirements of the New York Stock Exchange. A Chairman shall be named annually by the Board of Directors.

STATEMENT OF POLICY

The Audit Committee shall provide assistance to the Board of Directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices of the Corporation, and the quality and integrity of the financial reports of the Corporation. In so doing, the Audit Committee shall maintain free and open means of communication between the directors, the independent auditors, the internal auditors, and the financial management of the Corporation.

The independent auditors for the Corporation are ultimately accountable to the Board of Directors and the Audit Committee. The Audit Committee and the Board of Directors have the ultimate authority and responsibility to select, evaluate and nominate the independent auditors to be proposed for shareholder ratification at the annual meeting.

The Audit Committee is responsible for ensuring that the independent auditors submit on a periodic basis to the Audit Committee a formal written statement delineating all relationships between the independent auditors and the Corporation. The Audit Committee is responsible for actively engaging in a dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the independent auditors and for recommending that the Board of Directors take appropriate action in response to the outside auditors' report to satisfy itself of the outside auditors' independence.

RESPONSIBILITIES

In carrying out its responsibilities to the directors and shareholders, the Audit Committee will consider the effects of changing circumstances with the objective to maintain corporate accounting and reporting practices consistent with requirements and of high quality.

In carrying out these responsibilities, the Audit Committee will:

- Review and recommend to the directors the independent auditors to be selected to audit the financial statements of the Corporation and its divisions and subsidiaries, subject to ratification by the shareholders. Such review will, among other matters, consider the nature and extent of information technology and other non-audit services provided by the independent auditors during the prior year, the nature and total estimated amount of expenditures for such services in the current year and whether the provision of such services is compatible with the independent auditors' independence.
- Meet with the independent auditors and financial management of the Corporation to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditors. With respect to the audit scope and procedures to be utilized, the Audit Committee may, as an alternative to meeting, receive from management or the independent

auditors a written summary of information regarding the independent auditors' planned audit scope and procedures, among other information, pertaining to the annual audit and limited reviews of quarterly financial information.

- At the conclusion of the audit, review with management and the independent auditors any significant changes in the independent auditors' audit scope and procedures, and the reasons therefor.
- Review with the independent auditors and management the adequacy and effectiveness of the accounting and financial controls of the Corporation, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable including controls that assist with compliance with the Corporation's code of conduct.
- Review and discuss the audited annual financial statements with management. Receive the written disclosures from the independent auditors required by ISB Standard No. 1 and discuss with the auditors the auditors' independence and matters required to be discussed by Statement on Auditing Standards No. 61 relating to the audit and financial statements. Determine, based on the review and discussions referred to above, whether to recommend to the Board of Directors that the financial statements be included in the Annual Report on Form 10-K for filing with the SEC.
- Review the internal audit function of the Corporation including the independence and authority of its reporting obligations, the proposed audit plans for the coming year and the coordination of such plans with the independent auditors.
- Receive prior to each meeting, a summary of findings from completed internal audits and a progress report on the proposed internal audit plan, with explanations for any deviations from the original plan. Consider internal control implications of the findings and management's responses to such findings.
- To the extent practicable and appropriate, through the full Audit Committee or its designee, discuss with management and the independent auditor the quarterly limited financial information to be filed with the SEC on Form 10-Q.
- Provide sufficient opportunity for the internal and independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Corporation's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of the audit.
- Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each committee meeting with, the Board of Directors.
- Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside advisors for this purpose if, in its judgment, that is appropriate.
- Review and update the committee's charter annually.

While the Audit Committee has the responsibilities and powers set forth in this charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the Corporation's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.
